

NGUYEN PHAM QUANG VINH

Email: nguyenphamquangvinh1210@gmail.com

Phone: 0942985751

Address: An Thanh Ward, An Tinh District, Trang Bang Town, Tay Ninh Province

CAREER GOALS

As a high school graduate with an engineering-focused, logical mindset and a deep passion for AI development, I envision myself in a decade as a trailblazer introducing AI and its applications through a startup aimed at solving myriad everyday inconveniences globally, with a particular focus on Vietnam. In my view, the role of a data analyst within an organization is akin to that of a navigator aboard a Corsair—essential for steering to success through ingenuity and strategic insight.

EDUCATION
